AUCTION POLICIES, RULES & REGULATIONS**

The auction reserves the right to accept or reject applicants. Use of our buyer's card is a privilege and is non-transferable. Albany Auto Auction may revoke the dealer's privileges when deemed necessary and the holder must return the card(s) upon demand. Any dealer using a card agrees to pay for vehicles purchased at any sale(s). A dealer will be responsible for all transactions conducted at this auction in which the dealer and/or his representative may be involved.

This will outline the broad guidelines and policies for dealers conducting business at Albany Auto Auction. Dealers should read and understand our rules, policies, and the manner in which we operate this dealer vehicle exchange before transacting business at this auction. Fairness must prevail in these business transactions between sellers and buyers, and dealers who register agree to abide by our policies and procedures when conducting business at this auction.

Buyers and sellers must understand that this auction acts solely as a dealer-only vehicle exchange, with titles passing from sellers to buyers. The auction is never involved in the chain of title, although the auction provides specific title warranties as outlined in both the policy guidelines and in the terms stated on the Vehicle Agreement of sale, which both seller and buyer sign.

The auction always attempts to administer and rule on matters involving transactions in an impartial and equitable manner. The auction retains total discretion to make final judgments and to rule on all matters involving auction policies. Any effort to circumvent auction policies will not be tolerated. The auction management will make all final decisions involving dealer disputes.

The auction may adopt new policies as required from time to time, and dealers will be notified.

AUCTION POLICIES

1. **SIGN PAPERWORK AND PAY FOR ALL VEHICLES BEFORE LEAVING THE SALE! (NO EXCEPTIONS). PAYMENT IS REQUIRED THE NIGHT OF THE SALE!**
All dealers must be registered and approved at this auction before doing business.
2. All transactions (buying and selling vehicles) taking place anywhere on this property must be processed through the auction office. Any act or effort to circumvent this policy will be grounds for revoking privileges of both the buyer and seller involved in the unauthorized transaction.
3. Buyers are responsible for thoroughly checking and road testing purchased vehicles and either pay for the vehicle or put the vehicle in Arbitration within ONE HOUR. Do not leave the sale until you have gotten a decision from Arbitration.
4. Buyer is responsible for verifying serial number, model year, odometer reading, and that the odometer is working on all purchases before leaving the sale. No vehicle will be offered for sale without serial number plate or proper verification.

6. It is the seller's obligation to correct any errors made by the auction as to announced conditions. It is the buyers obligation to watch lights and listen to announced conditions.

7. All police cars, taxi cabs, municipal vehicles, fire cars, flood cars, and frame damage, previous salvage or salvage titles must be called on block.

8. Cars selling for \$2500 or less become "AS-IS" and are not subject to arbitration, regardless of light they ran on. All salvage, previous salvage, and repaired salvage must be announced at the time of the sale and sold Red-Light.

9. The auction does not guarantee the year of any foreign vehicle, house trailer, motor home, boat, boat motor, antique vehicle, dune buggy, or motorcycle. Satisfy yourself before settlement, as the auction will not become involved in any subsequent dispute.

10. Motor home, dune buggy, etc. sellers must announce the year of the chassis and the year of the unit from the auction block.

11. All cars must have a gate pass before leaving the premises. For your protection, a drive out slip is required for each vehicle or driver leaving the yard.

12. "OUTSIDE SALES" - the auction will not become involved in any arbitration procedures on any unit sold off the block (OSS).

13. Any purchase other than "UNDER THE HAMMER" is strictly between buyer and seller.

14. The auction does not guarantee any warranty books or plates.

15. Any vehicle considered unsafe to drive will not be run through the block.

16. Vehicles left on the lot will be automatically re-run. Vehicles left on the lot for over 30 days will be sold for storage and abandonment.

17. Diesel conversions must be announced. If not, the buyer has the right to turn down.

18. All vehicles are subject to inspection by the National Auto Theft Bureau, FBI, GBI, or any other enforcement agency.

19. To sell a vehicle with true miles unknown, you must either have the title present, or call the miles over 100,000 and true miles unknown from the block.

20. It is the buyer's responsibility to find out if an "ip" or "call" bid was accepted.

ARBITRATION RULES

1. All arbitration must be handled through auction arbitration. You must wait for the outcome.
2. Vehicles selling for \$2500 or less are "AS-IS" and are not subject to arbitration, regardless of the light they ran on.
3. A green light car must have more than \$500 in mechanical repairs to be turned down.
4. Any vehicle without air conditioning must be announced as such, unless vehicle qualifies to be sold AS-IS.
5. Arbitration must begin within one hour.

6. No turn-down or arbitration after you have paid for the vehicle.

7. When you buy a vehicle AS-IS you must pay for it regardless of condition.

8. Deal may only be voided after you have signed the bill of sale and paid for the vehicle, but you must have definite proof of the following: (subject to auction management approval)

11. Arbitration claims involving the auction's use of outside labor and/or expense will be charged to the responsible dealer (to be determined by the auction).

13. Engines/Rear End- No arbitration on noises that are inherent or typical to a particular model or manufacturer, unless deemed "excessive" by the arbitrator on non-warranty items.

14. Standard transmissions cannot be arbitrated for manual clutches unless completely inoperative.

15. The arbitrator will inspect only the defect(s) which are on the arbitration form. Each vehicle is allowed one chance at mechanical arbitration. If price adjustment is made and accepted, vehicle becomes "AS-IS", property of buyer, and is not subject to any further arbitration for mechanical defects or adjustments. The decision of the arbitrator is final and binding to both Buyer and Seller.

16. Buyer must verify odometer reading and operation before leaving the Auction. Mileage must be the same as it was when it left the Auction if arbitrated for inoperative odometer.

17. Buyers should thoroughly check and test drive every vehicle. If there is any problem, a complaint must be properly filed with the Arbitration Office within the established arbitration time limit. The buyer assumes responsibility for mechanical failure after leaving the auction once the arbitration period is over.

18. It is the buyer's responsibility to watch lights and listen to announced conditions before placing bids. Once the vehicle is sold, the buyer should check the block ticket to confirm that vehicle price and announcements are correct before signing their name to the block ticket. The auction

will not arbitrate defects visible from the block or announced conditions.

19. Mileage and other information written on the window of sale vehicles is for the convenience of the buyer and is not to be relied upon as accurate or complete. Buyers should satisfy themselves, as to year, mileage, and equipment by viewing the actual vehicle prior to bidding. The auction will not arbitrate vehicles based on incorrect information written on the vehicle.
20. The buyer is responsible for any pending sale from arbitration.

Any violation of these policies could result in temporary or permanent revocation of all trading privileges.
