

## Post-Sale Inspection

Perryopolis Auto Auction offers Post Sale Inspection (PSI) as a tool for dealers to buy with confidence. The PSI is not part of the National Auto Auction Association (NAAA) Policy, but a separate service that ensures vehicles sold meet the guidelines set forth in the NAAA Policy. Vehicles purchased on Simulcast are eligible for a PSI.

### **Vehicle Qualifications:**

Green Light (Ride and Drive) vehicles with no year or mileage restrictions unless vehicle condition disclosure has been made.

### **PSI Guarantee:**

All items checked in the Green Light (Ride and Drive) are guaranteed to the buying dealer for 7 days after the sale. If an item or part that was inspected fails during the guarantee period and costs over \$800 to repair, the item will be replaced or repaired by Perryopolis Auto Auction, up to \$1200 maximum. Vehicles challenged for issues must have 200 miles or less accumulated on the odometer from inspection.

Green Light (Ride and Drive) vehicles can be arbitrated for Frame or Unibody Damage up to 7 calendar days from purchase.

### **Terms and Conditions:**

- The buyer is responsible for the PSI fee even if the vehicle fails inspection.
- PSI is automatically completed and fee applied to vehicle cost, unless the winning bidder requests no PSI.
- The guarantees and provisions apply only to the original buyer of the PSI. The guarantee is void once the vehicle is re-sold. PSI guarantees cannot be transferred.
- Seller's vehicles with PSI pending shall not be considered finalized until the PSI report is completed.
- All vehicles have to be turned in to PSI or Arbitration by 3:30 PM on sale day.
- Vehicle condition at the time of return must be the same or better as when purchased.

- If a vehicle is returned under PSI guarantee, Perryopolis Auto Auction will not reimburse for transportation, reconditioning or other work/expense performed on the vehicle.
- Repair cost is defined by the Auction's cost to repair.

**PSI Inspection Checklist:**

- Odometer Verification
- Engine Function and Operation
- Transmission Engages & Functions
- 4x4 System Engagement
- ABS/Brake Function
- Emission Control Equipment Present
- Airbags/SRS
- Electrical System Function
- Frame or Unibody Structure Check

**Exclusions to PSI:**

- Any AS-IS Vehicle
- Kit or Homemade Vehicles
- Trailers
- Performance or Modified Vehicles
- Motorcycles
- Recreational Vehicles
- Watercraft
- Antique Vehicles
- Heavy Trucks and Equipment
