DealShield Policy

Effective February 1, 2021

We are proud to have partnered with DealShield to assist our dealers with wholesale assurance. How the program works at Dealers Auto Auction of the Southwest:

- 1) When a vehicle is purchased at DAASW and is returned using DealShield, the vehicle must be paid for within our payment guidelines. [Click here for our Payment Policy](#)
- 2) If the unit exits the property before the DealShield fee is applied to the unit, the charge will go on the buyer's AR Statement.
- 3) When the unit is returned, the buyer must notify check in that the vehicle is a DealShield return and provide the DealShield Return Certificate.
- 4) If a unit is being returned to another auction facility, please email our DealShield team at DSRETURNS@daasw.com.
